

CREATIVE PORTFOLIO

Links to some of my best work
(click to watch)

Short films and skits:

Simulation Hypothesis – Placed #9 out of 1673 in the My Rode Reel (world's largest film competition).

Davengers – I put myself in the Avengers trailer. Reached 300K+ views on Davideos. (Starts at 1:22)

Broken Heart – The film that got me into the NYU film program. Made back in 2017.

Documentaries:

Tics and Clicks – Rough cut of a documentary I made, produced by four-time Emmy winner Jim Brown.

Mission 46 – A film that raised \$16K at its premiere to launch social programs for the homeless.

Bottan – A short video portrait about Arnaldo Bottan's perspective on his lonely, dying hobby.

YouTube:

Solving a Rubik's Cube While Skydiving – Posted to my American and Brazilian channels.

GPH Quiz Show – A series I made for NYU where students are quizzed about public health.

Living 72 hours as if It's 1980 – A "social experiment"-type video posted on Davideos (subtitled).

Overnight on a Post-Apocalyptic Island! – An adventure/urban exploration video.

48 Hours In Complete Isolation – A "social experiment"-type video posted on my English channel.

How We Put Ourselves Into Star Wars with VFX – A Star Wars trailer parody.

Corporate and commercials:

Center for Anti-racism, Social Justice and Public Health – A promo I directed, filmed & edited.

Ric Orlando's Ad – A 30-second ad that I wrote, filmed, directed, and edited.

Tour of 708 Broadway – A video I shot, directed & edited showcasing NYU's newly renovated building.

FIFA 22 Promo Video – A video promoting EA Sports's new game. I did the edit and motion graphics.

Santander TV Spot – A commercial I edited and color corrected for Santander Bank in Brazil.

I AM GPH – A podcast series I edit (audio & video) featuring talks with public health leaders/innovators.

Weddings:

Las Vegas Wedding – A wedding that took place at Seven Magic Mountains that I filmed and edited.

San Francisco Wedding – A wedding that took place at Mendocino that I filmed and edited.

Other stuff:

VFX & CGI

UX/UI & Design

Software engineering

Photography
